DEPARTMENT OF THE TREASURY  
UNITED STATES MINT  
WASHINGTON, D.C. 20220

Dear Collector,

As I begin my second year as the Director of the United States Mint, I want to thank you for your support. I have enjoyed getting to know you, our customer, and learning about your interests and concerns. The business and collector's forums that many of you have attended at United States Mint events around the country have been most valuable. I am committed to continued improvement in customer service and to supporting the artistry and collectibility of United States coinage. On behalf of the United States Mint, we look forward to continuing to serve you.

I am pleased to present the 2002 United States Mint Collection. Among the products being featured in this catalog is the 2002 United States Mint Silver Proof Set™. This year marks the 10th Anniversary of this impressive set, first offered in 1992. The 2002 United States Mint Silver Proof Set features proof versions of the Roosevelt dime, the Kennedy half dollar, and all five of the 2002 quarters in our 50 State Quarters® Program in 90% silver. The set also includes proof versions of the Lincoln cent, the Jefferson nickel, and the Golden Dollar featuring Sacagawea.

This year also marks the final year of the Vistas of Liberty™ series of the American Eagle Platinum Proof coins. Each year since 1998, the reverse design of the Platinum Proof Eagle has reflected a different region of the United States. The series closes this year with a design reflecting the northwestern region of our great country.

Bronze medals make their return to this year's catalog. The bronze medals are replicas of Congressional gold medals that the United States Mint produces. These medals are selective awards authorized by Congress to commemorate significant events of the nation, or to honor individuals whose achievements have enriched our lives.

Whether you are working on your own collection, starting one for someone else, or just looking for a thoughtful gift for any occasion, I invite you to browse through the catalog and place your order by mail, by calling our toll-free number, **1-800-USA-MINT**, or on-line at [www.usmint.gov](http://www.usmint.gov).

Sincerely,

Henrietta Holsman Fore  
Director  
United States Mint

# The United States Military Academy Bicentennial Commemorative Coin

## Duty, Honor, Country

Grant, Lee, MacArthur, Patton, Eisenhower. These are but a sampling of some of this nation's finest patriots and United States Military Academy graduates. On March 16, 1802, President Thomas Jefferson signed into law a bill of the United States Congress authorizing the establishment of "...a military academy to be located at West Point in the State of New York." During 2002, the bicentennial of the founding of the United States Military Academy is being observed at West Point and at other designated places throughout the world.

As the Nation marks the bicentennial of the United States Military Academy, the United States Mint pays tribute to the Academy's Long Gray Line of distinguished graduates and their timeless motto — Duty, Honor, Country.

The obverse of this magnificent coin depicts a United States Military Academy Cadet Color Guard in parade. The United States Military Academy's Bicentennial Logo highlighting the Academy's beloved symbol, the helmet of Pallas Athena, is featured on the reverse of the coin.

Celebrate the bicentennial of the founding of this venerable and prestigious national institution with your purchase of the United States Military Academy Commemorative Silver Dollar. A portion of the proceeds from the sale of

these coins is authorized to be given to the Association of Graduates, United States Military Academy, to help support the academic, military, physical, moral and ethical development programs of the Corps of Cadets.

These exquisite silver dollars are available in mirror-like proof or uncirculated versions. The proof coins are boxed in handsome satin-lined velvet presentation cases, and the uncirculated coins are packaged in gift boxes. Each coin is accompanied by its own official Certificate of Authenticity.

These sets are more popular than ever as new generations of collectors are being inspired by the historic 50 State Quarters Program. The 2002 United States Mint Proof Set includes all five state quarters issued in 2002, plus the Lincoln cent, the Jefferson nickel, the Roosevelt dime, the Kennedy half dollar and the Golden Dollar — ten coins in all. ## 50 State Quarters Proof Set™

The enormously popular 50 State Quarters series continues in 2002. These quarters pay tribute to the diverse heritage of each state through images from its history — Tennessee celebrates its Musical Heritage; Ohio salutes the Birthplace of Aviation Pioneers; Louisiana commemorates the Louisiana Purchase, Indiana salutes the Crossroads of America, and Mississippi celebrates the Magnolia State. The proof versions of these quarters will be minted only in 2002 — the fourth annual set in the ten-year series celebrating each of the 50 states.

## 2002 United States Mint Uncirculated Coin Set®

The 2002 United States Mint Uncirculated Coin Set is the fourth set in the ten-year series celebrating each of the 50 states. This year, ten new 2002 coins in uncirculated condition will be minted at both the Denver and Philadelphia Mint facilities — the Golden Dollar featuring Sacagawea, the Kennedy half dollar, the Roosevelt dime, the Jefferson nickel, the Lincoln cent and five new quarters in the 50 State Quarters, Program. The set consists of two envelopes — one containing ten coins from the Denver Mint facility bearing the “D” mint mark and the other containing ten coins from the Philadelphia Mint facility bearing the “P” mint mark — twenty coins in all. Uncirculated coins are minted on special presses and struck with greater force than circulating coins. The coins are then packaged and protectively sealed in clear Mylar®, and carefully handled to ensure that these pristine examples of our nation’s coinage will stay in their original mint condition. Now you can have all twenty coins — a complete ten-coin set from each mint — in specially minted uncirculated condition.

# American Eagle Proof Coins

## American Eagle Platinum Proof Coins

Since the United States Mint's *Vistas of Liberty*™ series began in 1998, each release of American Eagle Platinum Proof Coins has featured a different scene on the reverse, depicting the beauty of regional landscapes from across the nation. The 2002 reverse design, the last in the *Vistas of Liberty* series, brings the American bald eagle to the northwestern United States. The reverse of the coin bears a lake bordered by magnificent snowcapped mountains and trees — a landscape typical of the region. A swooping eagle and leaping trout fill the foreground of the majestic panorama. On the obverse, Lady Liberty with her serene, purposeful gaze evokes the spirit of freedom and hope, her face and crown seemingly lit by the torch she holds aloft — an appropriate visage for these rare and historic coins. Each American Eagle Platinum Proof Coin contains 99.95% pure platinum and is presented in luxurious black velvet packaging with an official Certificate of Authenticity signed by the United States Mint Director. American Eagle Platinum Proof Coins are available for sale through December 31, 2002, while supplies last.
